

Client Brief

Forming a partnership with Balfour Beatty Living Places to maintain and deliver an improved and sustainable highways network across Warwickshire over a 10 year period.

Our part:

- Working for Balfour Beatty Living Places, CR MacDonald are contracted to deliver all aspects of Highways Maintenance from routine activities to capital schemes including highway surfacing throughout the county.
- Liaising with clients to ensure schemes meet their aims and objectives through a process of early contractor involvement (ECI).
- Developing high level program of work to meet our clients' timescales and budget.

Our successes:

- Forming a partnership with Balfour Beatty Living Places.
- Creating a positive culture of near misses and good practice reporting.
- Introducing recycled foam mix materials into all footways and C & D carriageways manufactured from excavated carriageway material within the network.
- Meeting KPI targets that aided BBLP in securing an additional 2-year extension to the 7-year contract.
- All operatives are given additional training with BBLP support.
- Logistical difficulties overcome by forming a strong relationship with our supply chain.
- Increased company recruitment in the local area.
- Awarded the Green Apple award 2022 for helping the environment.

"CR MacDonald are an integrated supply chain partner, working closely with the BBLP team to deliver best in class services in and around the West Midlands"

Mark Pearson – Contract Director, Balfour Beatty Living Places.
